Continuation of Substance of Interview including description of the general nature of what was discussed: Ms. Mallon called to ask where "salicylates" would fall in the groups of second agents set forth in the written restriction requirement, since she could not locate it in the list of choices of group B. Examiner confirmed that the agent "salicylates" was inadvertently omitted from the subject matter of group XVIII. Examiner stated that should Applicant wish to choose "salicylates" as the second agent, then the choice of XVIII is appropriate. Ms. Mallon agreed and will contact Examiner with any further questions.
